W COMOTION

COMOTION LABS

Home for startups, entrepreneurs & innovators

CoMotion Labs is a multi-industry incubator program hosting early-stage startups. We welcome startups from both inside and outside the UW community. From critical infrastructure to learning, mentoring, and networking, CoMotion Labs nurtures and enables success. And we help startups grow without taking equity or IP.

~$1B
raised in dilutive funding by CoMotion Labs startups in the last five years, and **$15M** in non-dilutive funding

447
startups incubated at CoMotion Labs since its inception in 2012

230
Active workstations, including desks, offices, wet lab benches, and workbenches

As of October 2026

COMOTION LABS
